REV.00-25

Eurapo S.r.l. declares that all its products: cassette fan coils (mod. UCS600, UCS/M 600, UCS/H 600, UCS/HM 600 e UCS900 and EST version), fan coils (mod. SV, SV/AF, SH, SH/AF, CH, CH/AF, CH/H, CV, CV/AF, PV, PV/AF, SVR, CVR and EST version), fan coils Sphera (mod. ESW, ESV, ECH, ECV and EST version), fan coils SEA-Range (mod. Sea e and EST version), blowers (mod. EBH, EDS and EST version) and system controls OMNIBUS360 (mod. xORC1xxxxxxxx, xORC2xxxxxxxx, xORC3xxxxxxxx, xORC4xxxxxxxx, xORC5xxxxxxxx e xORC6xxxxxxxx) are compliant to regulation (EC) No. 1907/2006 of the European Parliament and of the Council Of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).

According to REACH Regulation, Eurapo S.r.l. is qualified as a “downstream user”, in particular as “articles producer” and “articles supplier” (see art.3.4 and 3.33), where according to the regulation itself, could be defined an article any product, component or semi-treated product.

Products supplied by Eurapo S.r.l. consisting in an assembly of several components that fall under the definition of articles (art.3.3). Such articles, and their packaging, do not release any substance under normal or reasonably foreseeable conditions of use.

Eurapo S.r.l. maintains active the necessary actions enabling the company to continually grant compliance with all the applicable dispositions of REACH Regulation. Specifically:

- the management of communication channels with the supply chain with the aims of:
  - a. updating of necessary information in reference to the evolution of the REACH regulation;
  - b. to make sure that the specific use of Eurapo S.r.l. will be integrated in the registration dossier;
- the research and development of alternative processes or substances should the regulation restrict or banish the use of some substances from the market, in order to guarantee to the customers, the continuity, the quality and the performances of the supplied products;
- the assessment of the substances used in the supplied products, in order to identify and communicate to you, according to the provisions of the art. 33 of REACH Regulation, any presence of substances classified as SVHC (Substances of Very High Concern), if exceeding the concentration limits of 0,1% in weight/weight for each article that is part of the product.

The Annex below shows the results of our investigations, updated to the date of the present communication, about the possible presence in our articles of substances identified as SVHC. With the SCIP number on the Tab, you can find the Article Factsheet on Database SCIP, where you can find all information and concentration about the SVHC article.

Pordenone, 07/01/2025
